

Double Bass Verbal Appraisal by Upton Bass

AFTER your verbal/email appraisal order has been placed - take very clear, detailed pictures that are sized under 1 MB each and eMail them to sales@uptonbass.com.

Please reference your order number in the subject line of your email. After your order is processed we will examine the pictures and contact you with our opinion on your instrument by email, typically within 72 hours. With this service you can officially say "Upton Bass said it's worth".

The following pictures are meant as a guide to show you what we need to see. Please copy the pictures as best as you can with your camera and bass. Plain backgrounds are best with adequate lighting. Please try not to use a flash as hotspots on the instrument can make it difficult to evaluate.

We must have the following eight (8) shots in order to perform this service for you.
